Who We Are

The Province of Ontario Savings Office was founded in 1922 to provide Ontario citizens with a unique banking facility for depositing their savings. It quickly became popular with Ontario residents, and today we serve over 100,000 accounts, with more than \$2.0 billion on deposit.

“Savings Office” customers know us as the place where personalized service is a priority and where every dollar on deposit is guaranteed by the Province of Ontario.

At 23 Savings Offices, we offer attractive rates of interest and generous chequing privileges, serving 17 communities across Ontario - from Windsor to Ottawa, and St. Catharines to Pembroke.

Also, in Northern Ontario, we offer banking services through Agencies in small communities which are not served by other banks or trust companies.

The Savings Office offers numerous financial services to the public. As a Savings Office customer, you can minimize your costs, and maximize your earnings. And, your money is secure with all funds on deposit fully guaranteed by the Province of Ontario. A brief description of our attractive services follows:

Guaranteed Investment Certificates

The Savings Office offers Guaranteed Investment Certificates (GICs) with maturities from 12 to 60 months and a choice of purchase starting at \$500.

GIC interest rates are competitive with other financial institutions, and our interest payment options are flexible. You can choose from annual, semi-annual, monthly, and compounded to maturity.

Interest can be deposited into the account of your choice.

Short Term Deposits

You can purchase a Savings Office Short Term Deposit with a minimum investment of \$1,000 and you can choose any term between 30 and 364 days.

Short Term Deposit interest rates are competitive with other financial institutions and our renewal options are flexible. You can automatically roll-over your principal, automatically roll-over your principal and interest, or redeem your investment at maturity.

In addition, our Short Term Deposits are fully redeemable. This means that you can cash in your investment at any time and the early redemption interest rate is still attractive.

Trillium Account

This is a daily interest savings/chequing account for which interest is calculated on your balance at the end of each day, and is credited to your account at the end of each month. The highly competitive interest rates are based on six tiers, so the higher your balance, the higher the interest rate.

The Trillium Account offers deposits and withdrawals free of charge. Cheque processing is also free of charge when you keep a minimum monthly balance of \$1,000. If your balance falls below \$1,000 there is a modest service charge per cheque during the month.

You can choose either a passbook, which may be updated at any Savings Office branch, or a monthly statement which can be mailed directly to you, free of charge.

U\$ Savings Account

Our U\$ Savings account provides a convenient way to save, with daily interest and six tiers of competitive interest rates.

The Savings Office provides commission-free U.S. travellers cheques and U.S. money orders to account holders.

You have the option of using a passbook or monthly statement to keep track of your transactions, free of charge.
